## Co-Chairman Reveal New Features for RE Week

Carrying out the theme, "In Our Hands," Religious Emphasis Week this year promises to be one of the finest and most significant yet, Co-Chairmen Marjorie Casebier and Shelly Gerarden report.

Sponsored by Student Christian Council, the traditional spring event is scheduled for Feb. 27-March 1. A number of features added this year should add meaning and significance to the week, Gerarden stated.

For the first time, classroom discussions are scheduled as a part of RE week. Outside speakers will be invited into various classrooms to discuss the theme, or religion in general, in relation to the subject matter of the class. Leroy Calbom and Sue Swayze are in charge.

#### SAI to Present Concert

Sigma Alpha Iota, women's music honorary, will sponsor a concert of religious music as their contribution to RE week. Open to the public, the concert is scheduled for 4 p.m., Feb. 26 in the recital hall of the Music Building.

A movie, "The Guest," will be shown free of charge at 7 p.m., Feb. 28 in Jones Hall auditorium. Making arrangements is Bob McGill.

#### Study Group Planned

Study groups, designed for students interested in the Christian world mission, are slated for 3 p.m., Feb. 28-March 1 in the audio-visual room of the library. Topics are "The World in Revolution" and "The Church Today." Also, a film, "Village of the Poor," will be shown.

The study groups will be conducted by CPS delegates who attended the Student Ecumenical Conference on the Christian World Mission in Athens, Ohio, during Christmas vacation. Co-chairmen are Harvey Denton and Shirley Slichter.

Discussion groups will meet at 7 p.m., Feb. 29, in Dr. Thompson's home. Topics include, "Should a Christian Be an Evangelist?" "God and . . . Suffering," and "Is Christianity Necessary?" In charge are Don Cramer and Trueman Tucker.

#### Rev. Forsberg to Speak

Keynote speaker for RE week is the Rev. Clarence Forsberg of Garden Street Methodist church in Bellingham. He will address convocations Feb. 28-March 1. As subjects, Forsberg has chosen "The Man in the Gray Flannel Suit," "A Formula for Staying Young," and "On Choosing a Major."

Coffee hours, scheduled following convocations, are planned to provide students a chance to meet the speaker informally. Arranging the coffee hours is Ginny Mordhurst.

### General Mills Plans Interviews

A representative of General Mills, national flour milling concern, will be on campus to interview possible candidates for positions with that firm upon graduation, Industrial Placement Bureau Director E. H. Olson announced.

Scheduled for Wednesday, John Sampson of the personnel department of General Mills will interview students from 9 a.m. to 3 p.m. in Jones Hall, Room 21. Appointments by those seniors interested are to be made through the Placement Bureau office, Olson pointed out.

## One Will Run, Others Undecided

By TERENCE W. SCHICK

One student disclosed he is going to run, another says he may be a candidate, and two others had "no comment" when queried by the Trail regarding their availability to run for 1956-1957 ASCPS president.

Juris Macs was the only one to commit himself, telling the Trail Sunday he was "definitely going to enter the race for student body president." Macs is Duke of Intercollegiate Knights, former vice president of Inter-Fraternity Council, and junior class representative to Central Board.

"At this time I have no statement to make regarding my candidacy," was the answer received from Cecil Bell when asked if he was planning to enter the contest. He added, however, "There is a good possibility that I will run."

Bell is junior class representative-at-large to Central Board, an officer in Methodist Student Movement and in Intercollegiate Knights.

The Trail also interviewed two other possible candidates for the presidency. However, neither of them had a statement to make, and both declared they did not want their names disclosed until they had definitely decided to enter or stay out of the race.

## Hulscher Announces Contest For Honorary Co-Ed Colonel

Nominations are now open for Air Force Honorary Co-ed Colonel of the year, Jerry Hulscher, chairman of the Military Ball, announced recently.

Anyone who is in AFROTC may nominate the girl of his choice, providing that he has ten names on a petition (no formal petition is necessary). This petition must be turned in to Capt. Marvin Borodkin, on or before Monday, with two glossy 8x10 photographs of the nominee.

At noon, Feb. 23, the girls will appear before the entire ROTC unit and ballots will be cast to

narrow the field to three. On Feb. 26 and 27, another vote will be taken to determine who will be Co-ed Colonel of the year. Results will be announced at the Military Ball, March 9.

This is a school dance and all students and their friends are invited to attend. Tickets priced at \$2.50, may be obtained from advanced ROTC personnel.

Formal attire will be worn by women and by men not enrolled in ROTC, he added.

The proper dress for all those enrolled in ROTC will be uniforms, Hulscher said.

## ASCPS Film Society to Feature 'Cheaper by the Dozen'; Central Board to Hear Calbom's Recommendations

Receiving top billing at the ASCPS Film Society showing Feb. 25 is a 20th Century Fox production, "Cheaper by the Dozen," Film Society Chairman Leroy Calbom revealed Monday.

The third film presentation this year, the movie stars Clifton Webb, Jean Craine and Myrna Loy. "In the Beginning," a story of the creation of the Grand Canyon, and a Warner Bros. cartoon will complete the program. Refreshments will be sold by the junior class during intermission.

The showing is free to CPS students and their friends. The

show starts at 8:15 in Jones Hall auditorium.

#### Reorganized This Year

The film society was organized several years ago. At that time season tickets were sold, and movies were chosen which had intellectual appeal, Calbom explained.

"At the recommendation of the ASCPS executive officers, the present film society was formed to afford students another activity sponsored by the ASCPS," he added. Asked about the success of the film showings, he commented, "I think particularly the

on-campus students are taking advantage of and appreciate the films and I feel it can become an integral part of our future ASCPS activities."

#### Tells Recommendations

Calbom reported there were three more showings billed this year. At the close of the showings he said he planned to recommend that Central Board continue the film society on a trial basis, and "that a committee be appointed to investigate improvement in the films to increase their enjoyment by the students."

## it benefits everyone . . .

One of the most positive forces in our lives is advertising, which makes our shopping easier, gives us better jobs for less money, raises our standards of living, and even entertains and amuses us.

The value of advertising to society can be illustrated by the recent strike which tied up Detroit's three daily newspapers. Without adequate media to tell consumers of their merchandise, business houses of that industrial city suffered heavy losses throughout the lengthy strike.

Of immediate value to us is the advertising which appears weekly in the Trail. National and local advertising pays for nearly one-third the cost of printing the paper. These advertisers desire and deserve your patronage. To them, and to the advertising profession—we salute during this National Advertising Recognition Week.

## it's all a mistake . . .

That's right. The association of St. Valentine with the giving of love tokens to one's sweetheart or enemy is a hoax perpetrated by some unknown individual many centuries ago.

A Roman martyr, this third-century gentleman had no ideas his name would be used like it is today. February 14 originally was the day St. Valentine was honored by a purely secular festival. How his name got mixed up is all a mistake, according to lexicographers of Merriam-Webster & Co.

How this concept has changed! Valentine's Day is big business for many greeting card publishers and merchants. This Tuesday men and women all over the country will be giving and receiving the little printed cards. To the office secretary will go the funny card which says something like "I love you—like a hole in the head." And college sweethearts and others will exchange sentimental greetings with one another.

Thus the celebration of this Tuesday. It may be a mistake, but it's a better way to celebrate Valentine's Day than the old manner.

## Second-Veep, Elections Win Approval of Central Board

Passage of the proposal for a second vice president for ASCPS and regulations for student body elections were the two major items of legislation passed by Central Board Thursday.

## Indees Choose Margaret Tucker

Margaret Tucker, junior from Richland, was elected president of CPS Independents, replacing outgoing president Harvey Denton.

Others elected include Mary Louise Hansen, vice president; Naomi Scruton, recording secretary; Marilyn Hutchison, corresponding secretary, and Truman Tucker, treasurer.

Also chosen were Tong Park, sergeant-at-arms; Steve Mackey, publicity chairman; Edith Gysin and Jerry Van Noy, social chairmen, Annette Burk and Dave Peebles, historians.

Steve Mackey was selected Indee of the month for January.

ASCPS Vice President Margaret Casebier announced election dates have been changed so that primaries will be Mar. 13-14, and finals Mar. 15-16. She urged all candidates who plan to run for an office to have petitions signed in ink by not less than 50 ASCPS members turned in to her office not later than 4 p.m., Feb. 24.

Casebier also stated candidates are to turn in a list of their campaign expenses. She urged all candidates to obtain a copy of the election rules from the ASCPS office.

At the end of the meeting ASCPS President Chuck Arnold told Board members ASCPS cards for the spring semester may be picked up at the cashier's window in Jones Hall, provided the student has paid his fees.

## Critics Praise Cowell's Debut

By MARILYN WOODRUFF

For all but the first three years of his life, CPS Professor John Cowell has been a pianist. And he, like all serious musicians, has had a goal in mind, to play a New York concert.

January 26 was an important day in Cowell's life, for he made his debut in New York's Town Hall. But even more important was the following day, when the critics' reviews appeared in the newspapers.

A simple review may seem small reward for years of practice and hard work, but for a musician serious about concert playing, it is the necessary first step.

Cowell was more than satisfied with the reports, and justly should be. One critic had this to say: "Mr. Cowell is set apart from the average run of gifted pianists." His concert manager feels that it was the most successful debut of the year of an unknown handled by his organization. The fact that the usually hard-to-please critics stayed for the complete performance is a sure reward, Cowell said.

The CPS professor is also a gifted composer, and his composition, Sonata in D-Flat Major received a tremendous ovation at the New York debut.

**Likes Teaching Best**

When asked of his future plans, Cowell replied that teaching at the College of Puget Sound is his first love. He will be going back to New York in the fall to present another concert, and has many offers for other important performances. He has reached "stage one;" the best is yet to follow.

## Chief AFROTC Spot Goes To Hudspeth; Others Named

# CPS to Play Eastern Team; Drops 2 Tilts to Wildcats

The Loggers of CPS will leave Thursday for their last basketball trip of the season, meeting the Eastern Washington Savages in a pair of weekend games at Cheney and moving over to Spokane Monday to face the Whitworth Pirates.

Eastern beat the Loggers in the first game of the cage season at Tacoma by a 65-53 count and repeated in conference play by a 80-72 score.

Last place Western Washington upset the Savages hopes of gaining on the league leaders Saturday by running over Red Reese's crew by a 78-62 count, thus giving them a 7-7 record in Evergreen play.

In encountering the Whitworth Pirates on Monday night the Loggers will be faced with stopping one of the conference's best scorers in the person of Marv Adams. Adams dropped in 41 points in the Bucs two appearances at the Fieldhouse.

John Heinrich's squad will make their final appearance Feb. 23 when they host the league leading Pacific Lutheran Gladiators.

The CPS Loggers, playing one of their best basketball games of the season, gave the visiting Central Washington Wildcats all the ball game they wanted for 35-minutes of Friday's Evergreen conference tilt before being nosed out 79-72.

Combined with Saturday's defeat at the hands of the Wildcats, the CPS forces were not able to better their hold on sixth place and now hold a bare 14-point lead on cellar-dwelling Western Washington.

The Loggers were in striking distance all the way in the first encounter and held a one point lead in the final half after being down 11 points at the half in Friday's game.

Central's Don Lyall led all scoring with 22, followed by Tom Oxwang with 20. Five men were in the double figures for the Loggers, paced by Bob Bafus with 16. Bob Eliason, Frank Ol-

sen, Ed Bowman and Ken Palmer each contributed 10.

Saturday's contest wasn't nearly the ball game for the Loggers as Central jumped off to a quick lead and were headed for an eventual 86-69 victory.

Eliason led all scoring with 23 counters, the high individual effort for the CPS cagers this season. John Barnett was next in line for the Loggers hitting for 13 followed by Bowman with 12.

## X-Rays Probe CPS Inner Secrets

The Tacoma Pierce - County mobile X-ray unit processed 983 CPS students while stationed in the quadrangle last week, Walter Kain, X-ray operator who is also a CPS student, reports.

The number of students X-rayed was about the same as in previous years, he continued.

"The program was well-planned by the College of Puget Sound," Kain stated. "The even flow of students entering the unit kept waiting in line at a minimum."

## Work Cancels Varsity Track

Due to the earth moving work underway prior to the construction of the football stadium and swimming pool, CPS will not have varsity track this year, CPS Athletic Director John Heinrich announced.

The track on the far side of the football field is partially covered with dirt and will not be cleared in time to enable CPS tracksters to practice or hold meets.

Heinrich asked men interested in participating in track and field events to contact him as soon as basketball is over.

## Mountaineers Offer Climbing Course

Registration for the annual climbing course offered to the public by the Tacoma Mountaineers will close Monday, according to a release from Ron Newgard, publicity chairman.

The course of seven lectures will be given in the Tacoma Public Library every Monday evening at 7:30. A fee will be charged for instruction.

## Kappa-Sigs Win Basketball; Lead in Overall Points

A Kappa Sigma victory over SAE in the final game of the White league basketball race, gave the Kappa Sig house an almost unblemished record in the final intramural standings and a lead for the all-year trophy.

The K-Sig's went undefeated in White League play with six victories while winning six out of seven in the Maroon league to tie with the ROTC outfit.

In releasing the accumulative point total for the all-year intramural trophy, Manager Bob Roe pointed out the importance

### Many Forfeited Games

"There were 15 forfeits in basketball," Roe stated, "which shows a marked decrease in intramural participation."

Fifty points are given for a team entering a sport and each forfeiture subtracts 10 points from the possible total.

"Participation is supposed to be the emphasis instead of ability," Roe added.

With the completion of two events, the Kappa Sigs are atop the year-point total with a 16½ point bulge over second place Sigma Nu.

## Skiers Prepare For Contest

By ED BOWMAN

Traveling 750 miles to Banff, Alberta, the CPS varsity ski team finished in seventh place from a field of 10 in the Loggers' first meet of the season last week-end.

Dr. Robert Sprenger, ski coach, stated "it was a very commendable job by our boys because they were competing against skiers from Norway, Sweden and even Olympic stars that ski for the other schools." Sprenger continued, "CPS has no formal athletic scholarships for this sport while all nine other colleges have an extensive skiing program."

### Two Added to Team

Making the trip to Banff were Dick Price, Dick Shorten, Ray Tabor, Bill Honeysett, and Larry Gill. The team has been bolstered this week with the recent eligibility of George Wright and Jerry Petrich.

The CPS team competes in the Northwest Intercollegiate Skiing Association, which consists of both small colleges and large universities. Other members of the association include Wenatchee Junior College, Whitman College, University of Washington, Washington State College, University of Idaho, University of Montana, Montana State College, University of British Columbia and University of Alberta.

### Meets Listed

This week-end the Logger forces journey to the Squilchuck slopes for a meet sponsored by Wenatchee JC. Then Feb. 24-25 they go to Emida, Idaho and the Idaho-sponsored meet and then finish the season, March 10-11 in the NWISA championships at Stevens Pass put on by the U. of W.

More skiers are needed to help put the team in a top position and any student with any competitive experience at all is urged to contact Dr. Sprenger in Howart Hall 203 for further information.

## J. D. Shotwell's Crews Move Earth for CPS Stadium as Gift

By STEVE HARRIS

Free of cost to the College of Puget Sound, Don Shotwell, owner of the J. D. Shotwell Co., 1930 CPS graduate and CPS Board of Trustees member, is moving what will total 80,000 tons of earth to excavate for the new swimming pool and level ground for a new baseball diamond and varsity football and practice fields, according to Dr. R. Franklin Thompson, CPS president.

Shotwell's steam shovels, graders and other equipment are not only gratuitously leveling the hill near South Hall to fill in ground for the new playing fields which will lie west and south of the present field, but are also leveling the site for the new stadium to be constructed in two or three years. Shotwell's wife is also a CPS alumnae, and his daughter is a senior here.

Dr. Thompson stated the pool itself will be completed in about four months, but that the struc-

ture over it will not be finished until later. He said, however, that all will be ready for use by fall.

Don't write home for money—write Lucky Droodles!

The easiest \$25  
you'll ever make!

A raft of students have already earned \$25 in Lucky Strike's Droodle drive. By June, hundreds more will. Better get with it. It's like taking candy from a baby.

Do as many Droodles as you want. Send them, complete with titles, to Lucky Droodle, Box 67A, Mt. Vernon, N. Y. Include your name, address, college, and class—and the name and address of the dealer in your college town from whom you most often buy cigarettes.

If we select your Droodle, we'll pay \$25 for the right to use it, with your name, in our advertising. And we pay for a lot of Droodles that never appear in print! Talk about easy money! This is it!
